

## Join the College Women's Campaign!

---

The **U.S. Food and Drug Administration Office of Women's Health** (FDA OWH) invites you to collaborate with them on the **College Women's Campaign**. The goal of the campaign is to disseminate FDA health and safety information to college students and staff through collaborations with college health centers, health education programs, health professional schools, and other campus programs.

The FDA Office of Women's Health provides schools with free FDA fact sheets, posters and social media messages to teach their campus community about health and safety. Participating schools can also receive a literature display stand at no cost. To date, over 200 schools are participating in the College Women's Campaign.

### How You Can Participate

1. Complete the College Women's Campaign Partner Form. Email this form to [owh@fda.gov](mailto:owh@fda.gov) or fax it to (301) 847-8601.
2. Link to the College Women's Health website: [www.fda.gov/collegewomen](http://www.fda.gov/collegewomen)
3. Order free fact sheets, brochures and posters to distribute in your campus community. You can download or order materials online at: <http://promotions.usa.gov/fda-womens-health.html>
4. Promote campaign messages via your social media accounts. Follow [@FDAWomen](https://twitter.com/FDAWomen) on Twitter and our [women's health board on Pinterest](#).

In addition to ordering materials and linking to the website, there are other ways that you can participate in the **College Women's Campaign**. Partners have hosted campus events, used materials in community outreach and displayed materials in health centers and residence halls.

A. **If you are interested in joining the College Women's Campaign, we will need some basic information about your school and your interests.** This contact information will not be shared with other agencies without your written consent.
