

Coronavirus Disease 2019 (COVID-19)

Strategies for safely reopening K-12 schools during COVID-19

No sound. Silent video.

- Strategies for safety reopening and operating K-12 schools during COVID-19.
- Prevention steps:
 - Wear a mask correctly
 - Stay 6 feet apart
 - Wash hands often
 - Clean regularly
 - Use contact tracing.
- Phase school reopening based on levels of community spread.
- Require masks and distancing to open schools safely.
- Require masks to protect teachers, students, and staff.
