**Express Mail**

Richard Russell  
President and CEO  
Greer Laboratories, Inc.  
639 Nuway Circle, NE  
Lenoir, North Carolina 28645

Dear Mr. Russell:

Through routine monitoring and surveillance, the Office of Compliance and Biologics Quality in the Center for Biologics Evaluation and Research of the United States Food and Drug Administration (FDA) has reviewed your website [www.greerlabs.com](http://www.greerlabs.com) as well as other information in our records concerning licensed non-standardized allergenic extracts used in the diagnosis and treatment of allergic disease. It has come to our attention that correct and consistent nomenclature is not being used, and that the proportions of non-standardized extracts used in licensed allergen mixtures are not identified. The Federal Food, Drug, and Cosmetic Act provides that a drug, including an allergenic extract, shall be deemed to be misbranded if its labeling is false or misleading in any particular (Section 502(a) Federal Food, Drug, and Cosmetic Act) [21 U.S.C. 352 (a)]. Such a product may also be misbranded if the contents are not described with adequate specificity, as required under regulation (21 CFR 610.14, 610.61, 680.1(b)) and statute [21 U.S.C. 352(c), 352(e)(1)(A)(ii)].

The use of incorrect nomenclature, or multiple descriptors for allergenic extracts derived from the same source material, can lead to mistakes in diagnosis and inappropriate treatment of allergies. For example, an adverse reaction could result if two allergenic extracts identified using inconsistent nomenclature actually contain the same allergen and are administered to the same individual. In addition, the inaccurate identification of the proportions of non-standardized extracts used to make licensed allergen mixtures can lead to mistakes in the diagnosis and inappropriate treatment of allergies. Consistent use of identifying terminology and correct identification of the proportions of each non-standardized extract used to make licensed allergen mixtures are necessary to assure that allergenic extracts are accurately labeled and not misbranded.

Reviews by external panels of data related to the safety, effectiveness, and labeling for non-standardized allergenic extracts took place in 1974-1979 and 1982-1983 and support

the use of full and accurate nomenclature. The first panel's report included the proposal that specific designations and identifiers for the source materials be used and that these appear on the product label for all allergenic extracts. The second panel reviewed the findings of the first panel and further specified that genus/species names be used to identify pollen, mold and plant extracts.

FDA formed an internal committee to review available scientific and medical data from published literature on the safety and effectiveness of non-standardized allergenic extracts. During this review, FDA determined that nomenclature was not consistently applied. For example:

- Information on specific species cannot be ascertained because some products are identified using the term “mixed<sup>1</sup>”
- Manufacturers have multiple listings in the licenses for allergenic extracts derived from the same source material
- The adoption of a different naming convention for the same source material of a specific genus and species licensed by another manufacturer
- The identity of the extract is listed by genus only, so different species may be represented across manufacturers.

This review became the basis for the nomenclature provided in this letter (see Attachments) to fully and accurately identify licensed non-standardized allergenic extracts. Technology is readily available to accurately identify the species of all source materials used for allergenic extract manufacture, so that valid nomenclature can be applied to non-standardized allergenic extracts. As described in this letter (see Attachments), FDA has provided proper identifiers for source materials that, if consistently used, would accurately identify non-standardized allergenic extracts derived from these materials.

Additionally, the identification of licensed mixtures of non-standardized allergenic extracts is ambiguous and leads to confusion and potentially inappropriate use of these extracts in the diagnosis and treatment of allergic disease. Frequently a product is identified by genus only and the species is unknown. Also, even when the component species used to manufacture the licensed allergen mixture are identified, the proportions of each non-standardized extract used to make the licensed allergen mixture are not identified. This inaccurate identification of the proportions of each non-standardized extract used in these licensed allergen mixtures also leads to confusion and potentially inappropriate treatment of allergies.

---

<sup>1</sup> Under 21 CFR 610.17, licensed biological products must not be combined with other licensed biological products “either therapeutic, prophylactic or diagnostic,” except as covered by a license obtained for the combined product. All mixes of allergenic extracts, including custom mixes, must be subject of an approved biologics license application or have in effect an investigational new drug application. FDA is addressing prescription sets of allergenic extracts in separate guidance. See Draft Guidance for Industry, Mixing, Diluting, or Repackaging Biological Products Outside the Scope of an Approved Biologics License Application. <http://www.fda.gov/ucm/groups/fdagov-public/@fdagov-drugs-gen/documents/document/ucm434176.pdf>

The nomenclature identifiers provided in this letter (see Attachments) do not necessarily constitute an exhaustive list of your products used in the diagnosis and treatment of allergic disease. It is your responsibility to ensure that the labeling for all of your licensed biological products accurately identifies the products and complies with all applicable laws, regulations, and standards.

Please review the nomenclature identifiers provided in this letter (see Attachments) and notify this office, in writing, of: (1) the steps you have taken or will take to properly identify the non-standardized allergenic extracts that are not identified, or properly identify the proportions of non-standardized extracts used to make licensed allergen mixtures, or both, based on the nomenclature provided in this letter; (2) your proposed timeframes for submitting labeling supplements under 21 CFR 601.12(f)(2)(i)(E) for product labeling that needs revision; and (3) your plans to update your establishment registration and product listing information including all currently manufactured products under Section 510 of the Act [21 U.S.C. 360]. Your response should be sent to me at the following address: U.S. Food and Drug Administration, Center for Biologics Evaluation and Research, 10903 New Hampshire Avenue, WO71-5030, Silver Spring, Maryland, 20993-0002.

In addition, please identify any non-standardized allergenic extracts that you have discontinued manufacturing and have no plans to manufacture in the future. For those non-standardized allergenic extracts that you no longer manufacture or intend to manufacture, if any, we ask you to consider submitting a voluntary request that your biologics license be revoked with regard to those extracts.

If you have questions concerning this matter, you may contact me at (240)-402-9153. Additionally, you may contact Dr. Jay Slater, Director, Division of Bacterial, Parasitic, and Allergenic Products, Office of Vaccines Research and Review at (240)-402-7396.

Sincerely,

Mary A. Malarkey  
Director  
Office of Compliance and Biologics Quality  
Center for Biologics Evaluation and Research

Greer. Table 1: Licensed non-standardized allergenic extracts with incorrect identifiers and recommended correct identifiers

Current identifier	Recommended identifier	Explanation
Animal Allergens, Canary Feathers <i>Serinus canarius</i>	Animal Allergens: Canary feathers, <i>Serinus canaria</i>	The scientific name is misspelled. The common name is correct.
Animal Allergens, Cattle Epithelium, <i>Bos</i> sp.	Animal Allergens: Cattle epithelium , <i>Bos taurus</i>	The scientific name is ambiguous. The common name is correct.
Animal Allergens, Chicken Feathers <i>Gallus</i> sp.	Animal Allergens: Chicken feathers, <i>Gallus gallus</i>	The scientific name is ambiguous. The common name is correct.
Animal Allergens, Dog Epithelium <i>Canis</i>	Animal Allergens: Dog Epithelium, <i>Canis lupus familiaris</i>	The scientific name is incorrect. The common name is correct.
Animal Allergens, Duck Feathers <i>Anas</i> <i>platyrhynchos</i>	Animal Allergens: Duck Feathers, <i>Anas platyrhynchos</i>	The scientific name is misspelled. The common name is correct.
Animal Allergens, Feathers, mixed (chicken, duck, goose)	Animal Allergens: Feathers, mixed (chicken, duck, goose), (species to be specified)	The scientific name is ambiguous. The common name is correct.
Animal Allergens, Goose Feathers <i>Anser domesticus</i>	Animal Allergens: Goose Feathers, <i>Anser</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Animal Allergens, Guinea Pig Epithelia <i>Cavia porcellus</i>	Animal Allergens: Guinea Pig Epithelia, <i>Cavia porcellus</i>	The scientific name is misspelled. The common name is correct.
Animal Allergens, Parakeet Feathers <i>Psittacidae</i>	Animal Allergens: Parakeet Feathers, (species to be specified)	The scientific name is ambiguous. The common name is correct.
Animal Allergens, Silk	Animal Allergens: (common name and source material to be specified), <i>Bombyx mori</i>	The scientific name is absent. The common name should be revised to indicate that the source material is silk worm cocoons and not processed silk material.
Food - Animal Products and Poultry Products, Beef <i>Bos</i> sp	Food - Animal Products and Poultry Products: Beef, <i>Bos taurus</i>	The scientific name is ambiguous. The common name is correct.
Food - Animal Products and Poultry Products, Chicken Meat, <i>Gallus gallus</i>	Food - Animal Products and Poultry Products: Chicken Meat, <i>Gallus gallus</i>	The scientific name is ambiguous. The common name is correct.
Food - Animal Products and Poultry Products, Egg, white, <i>Gallus gallus</i>	Food - Animal Products and Poultry Products: Egg, white , <i>Gallus gallus</i>	The scientific name is ambiguous. The common name is correct.
Food - Animal Products and Poultry Products, Egg, whole, <i>Gallus gallus</i>	Food - Animal Products and Poultry Products: Egg, whole , <i>Gallus gallus</i>	The scientific name is ambiguous. The common name is correct.
Food - Animal Products and Poultry Products, Egg, yolk, , <i>Gallus gallus</i>	Food - Animal Products and Poultry Products: Egg, yolk, , <i>Gallus gallus</i>	The scientific name is ambiguous. The common name is correct.
Food - Dairy Products, Milk, Whole Cow's	Food - Dairy Products: Milk , <i>Bos taurus</i>	The scientific name is absent. The common name is correct.
Food - Fish and Shellfish, Clam <i>Mya Mercenaria mercenaria</i>	Food - Fish and Shellfish: Clam, <i>Mercenaria mercenaria</i>	The scientific name is correct. The common name, <i>Mya Clam</i> , is not correct.
Food - Fish and Shellfish, Codfish <i>Gadus callarias</i>	Food - Fish and Shellfish: Cod, Atlantic, <i>Gadus morhua</i>	The scientific name is obsolete. The common name is ambiguous.
Food - Fish and Shellfish, Crab Callinectes <i>sapidus</i>	Food - Fish and Shellfish: Crab, Blue, <i>Callinectes sapidus</i>	The scientific name is correct. The common name is ambiguous.
Food - Fish and Shellfish, Flounder <i>Platichthys</i> sp.	Food - Fish and Shellfish: Flounder, <i>Platichthys flesus</i>	The scientific name is ambiguous. The common name is correct.
Food - Fish and Shellfish, Herring Clupea sp.	Food - Fish and Shellfish: Herring, <i>Clupea</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Fish and Shellfish, Oyster Ostrea spp.	Food - Fish and Shellfish: Oyster, <i>Ostrea</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Fish and Shellfish, Perch <i>Sebastes marinus</i>	Food - Fish and Shellfish:(common name to be specified), (species to be specified)	The scientific name is obsolete. The common name is ambiguous.
Food - Fish and Shellfish, Scallops <i>Pecten magellanicus</i>	Food - Fish and Shellfish: Scallop, Sea, <i>Pectocpecten magellanicus</i>	The scientific name is obsolete. The common name is ambiguous.

Greer: Table 1: Licensed non-standardized allergenic extracts with incorrect identifiers and recommended correct identifiers

Food - Fish and Shellfish, Shrimp Penaeus sp.	Food - Fish and Shellfish: Shrimp, Penaeus (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Fish and Shellfish, Trout, Lake Salvelinus sp.	Food - Fish and Shellfish: Trout, Lake, Salvelinus (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Fish and Shellfish, Tuna Thunnus sp.	Food - Fish and Shellfish: Tuna, Thunnus (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Plant Source, Banana Musa paradisiaca	Food - Plant Source: Banana, Musa (species to be specified)	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Blueberry Vaccinium canadense	Food - Plant Source: Blueberry, Velvetleaf, Vaccinium myrtilloides	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Broccoli Brassica oleracea var. botrytis (or oleracea var. botrytis)	Food - Plant Source: Broccoli, Brassica oleracea var. botrytis	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Cabbage Brassica capitata (or oleracea var. capitata)	Food - Plant Source: Cabbage, Brassica oleracea var. capitata	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Cantalope (Muskmelon) Cucumis melo	Food - Plant Source: Cantaloupe, Cucumis melo	The scientific and common names are correct. Cantaloupe is a cultivar of muskmelon ( <i>C. melo</i> ). Cantalope is a variant spelling.
Food - Plant Source, Cauliflower Brassica oleracea (or oleracea var. botrytis)	Food - Plant Source: Cauliflower, Brassica oleracea var. botrytis	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Cherry Prunus sp.	Food - Plant Source: Cherry, Prunus (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Plant Source, Grape, White Seedless Vitis sp. (or <i>Vitis vinifera</i> )	Food - Plant source: Grape, White, Vitis (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Plant Source, Grapefruit Citrus unshararpa	Food - Plant Source: Grapefruit, Citrus <i>X</i> paradisi	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Lemon Citrus limon	Food - Plant Source: Lemon, Citrus <i>X</i> limon	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Malt Hordeum vulgare	Food - Plant Source: Malt (Barley), Hordeum vulgare	The scientific name is ambiguous.
Food - Plant Source, Mustard Seed Brassica spp.	Food - Plant Source: Mustard seed, Brassica (species to be specified)	The scientific name is ambiguous. The common name is correct.
Food - Plant Source, Nutmeg Myristica fragans	Food - Plant Source: Nutmeg, Myristica fragrans	The scientific name is misspelled. The common name is correct.
Food - Plant Source, Onion Allium cepa (or cepa var. cepa)	Food - Plant Source: Onion, Allium cepa	The scientific name is ambiguous. The common name is correct.
Food - Plant Source, Orange Citrus sinensis	Food - Plant Source: Orange, Citrus <i>X</i> sinensis	The scientific name is misspelled. The common name is correct.
Food - Plant Source, Pecan Carya illinoensis	Food - Plant Source: Pecan, Carya illinoiensis	The scientific name is misspelled. The common name is correct.
Food - Plant Source, Sesame Seed Sesamum orientale	Food - Plant Source: Sesame seed, Sesamum indicum	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Squash, Yellow Summer Cucurbita pepo melopepo	Food - Plant Source: Squash, Yellow Summer, Cucurbita pepo var. ovifera	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Strawberry Fragaria chiloensis	Food - Plant Source: Strawberry, Fragaria <i>X</i> ananassa	The scientific name is incorrect. The common name is correct.
Food - Plant Source, Tomato Lycopersicon esculentum	Food - Plant Source: Tomato, Solanum lycopersicum	The scientific name is obsolete. The common name is correct.
Food - Plant Source, Vanilla Vanilla fragans	Food - Plant Source: Vanilla, Vanilla planifolia	The scientific name is obsolete. The common name is correct.
Insects (Whole Body), Caddis Fly Trichoptera sp.	Insects (Whole Body): Caddis Fly, Trichoptera (species to be specified)	The scientific name is ambiguous. The common name is correct.
Insects (Whole Body), Cockroach German Blatella germanica	Insects (Whole Body): , Blattella germanica	The scientific name is misspelled. The common name is correct.

Greer, Table 1: Licensed non-standardized allergenic extracts with incorrect identifiers and recommended correct identifiers

Insects (Whole Body), Deer Fly Chrysops sp.	Insects (Whole Body): Deer fly, <i>Chrysops</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Insects (Whole Body), Flea Ctenocephalis canis	Insects (Whole Body): Flea, <i>Ctenocephalides canis</i>	The scientific name is misspelled. The common name is correct.
Insects (Whole Body), Flea Ctenocephalis felis	Insects (Whole Body): Flea, <i>Ctenocephalides felis</i>	The scientific name is misspelled. The common name is correct.
Insects (Whole Body), Mayfly Ephemerida sp.	Insects (Whole Body): Mayfly, (genus and species to be specified)	The scientific name is ambiguous. The common name is correct.
Insects (Whole Body), Moth Heterocera Molds, Rusts and Smuts, Acremonium strictum	Insects (Whole Body): Moth, (genus and species to be specified) Molds, Rusts and Smuts: <i>Sarcocladium strictum</i>	The scientific name is ambiguous. The common name is correct. Scientific name is obsolete.
Molds, Rusts and Smuts, <i>Alternaria tenuis</i> (alternata)	Molds, Rusts and Smuts: <i>Alternaria alternata</i>	Scientific name is obsolete.
Molds, Rusts and Smuts, Aspergillus amsterdami	Molds, Rusts and Smuts: , <i>Aspergillus armstelodami</i>	Scientific name is misspelled.
Molds, Rusts and Smuts, Badley Smut, Loose <i>Ustilago nuda</i>	Molds, Rusts and Smuts: (common name to be specified), <i>Ustilago nuda</i>	Scientific name is uncertain.
Molds, Rusts and Smuts, Drechslera spicifera	Molds, Rusts and Smuts: <i>Curvularia spicifera</i>	Scientific name is obsolete.
Molds, Rusts and Smuts, Fusarium moniliiforme	Molds, Rusts and Smuts: <i>Gibberella fujikuroi</i>	Scientific name is obsolete.
Molds, Rusts and Smuts, Johnson Grass Smut <i>Sphaelotheca cruenta</i>	Molds, Rusts and Smuts: (common name to be specified), <i>Sporisorium cruentum</i>	Scientific name is uncertain.
Molds, Rusts and Smuts, Oat Stem Smut <i>Mycosphaerella oryzae</i>	Molds, Rusts and Smuts: Oat Stem Smut, (genus and species to be specified)	Scientific name is ambiguous.
Molds, Rusts and Smuts, Paecilomyces varioti	Molds, Rusts and Smuts: <i>Paecilomyces varioti</i>	Scientific name is misspelled.
Molds, Rusts and Smuts, Rhizopus oryzae	Molds, Rusts and Smuts: <i>Rhizopus arrhizus</i>	Scientific name is obsolete.
Molds, Rusts and Smuts, Wheat Smut, Loose <i>Ustilago tritici</i>	Molds, Rusts and Smuts: (common name to be specified), <i>Ustilago tritici</i>	Scientific name is correct. Common name is uncertain.
Molds, Rusts and Smuts, Wheat Stem Rust <i>Puccinia graminis tritici</i>	Molds, Rusts and Smuts: <i>Puccinia</i> (species to be specified)	Scientific name is ambiguous.
Plants and Plant Parts, Cotton Linters	Plants and Plant Parts: Cotton linters, <i>Gossypium</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Plants and Plant Parts, Cottonseed Gossypium spp.	Plants and Plant Parts: Cottonseed, <i>Gossypium</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Plants and Plant Parts, Flaxseed or Linseed Linum usitatissimum	Plants and Plant Parts: Flax, <i>Linum usitatissimum</i>	The scientific name is correct. The common name is ambiguous.
Plants and Plant Parts, Gum, Acacia or Arabic <i>Acacia senegal</i>	Plants and Plant Parts: Gum, Arabic, <i>Acacia senegal</i>	The scientific name is correct. The common name is ambiguous.
Plants and Plant Parts, Gum, Karaya or Bassora <i>Cochlospermum religiosum</i>	Plants and Plant Parts: Gum (Karaya or Bassora), Silk-cotton Tree, <i>Cochlospermum religiosum</i>	The scientific name is correct. The common name is ambiguous.
Plants and Plant Parts, Orris Root Iris florentina	Plants and Plant Parts: Orris root, <i>Iris germanica</i>	The scientific name is obsolete. The common name is correct.
Plants and Plant Parts, Pyrethrum Chrysanthemum spp.	Plants and Plant Parts: Pyrethrum, <i>Chrysanthemum cinerariifolium</i>	The scientific name is ambiguous. The common name is correct.
Plants and Plant Parts, Tobacco, Leaf Pollens - Cultivated Farm Plants, Barley	Plants and Plant Parts: Tobacco, Cultivated, Leaf, <i>Nicotiana tabacum</i>	The scientific name is absent. The common name is correct.
Pollens - Cultivated Farm Plants, Clover, Red Trifolium communis	Pollens - Cultivated Farm Plants: Barley, <i>Hordeum vulgare</i>	The scientific name is absent. The common name is correct.
Pollens - Cultivated Farm Plants, Mustard, Brassica sp.	Pollens - Cultivated Farm Plants: Clover, <i>Trifolium pratense</i>	The scientific name is obsolete. The common name is correct.
Pollens - Cultivated Farm Plants, Wheat, Cultivated Triticum aestivum	Pollens - Cultivated Farm Plants: Mustard, <i>Brassica</i> (species to be specified)	The scientific name is ambiguous. The common name is correct.
Cultivated Triticum sativa	Pollens - Flowers: (common name to be specified), <i>Aster</i> (species to be specified)	The scientific and common names are ambiguous.
Pollens - Flowers, Aster Aster sp.	Pollens - Flowers: (common name to be specified)	The scientific and common names are ambiguous.

Greer. Table 1: Licensed non-standardized allergenic extracts with incorrect identifiers and recommended correct identifiers

Pollens - Flowers, Daisy Chrysanthemum leucanthemum	Pollens - Flowers: Daisy, Leucanthemum vulgare	The scientific name is obsolete. The common name is correct.
Pollens - Grasses, Quack (Couch) Grass Agropyron repens	Pollens - Grasses: Quack (Couch) Grass, Elymus repens	The scientific name is obsolete. The common name is correct.
Pollens - Grasses, Wheatgrass, Western Agropyron smithii	Pollens - Grasses: Wheatgrass, Western, Pascopyrum smithii	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Acacia spp.	Pollens - Trees: Acacia, Acacia (species to be specified)	The scientific name is ambiguous. The common name is correct.
Pollens - Trees, Alder, Tag-Smooth Aldus rugosa	Pollens - Trees: Alder, Tag-Smooth, Alnus incana ssp. rugosa.	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Ash, Oregon Fraxinus oregona	Pollens - Trees: Ash, Oregon, Fraxinus latifolia	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Bayberry Myrica cerifera	Pollens - Trees: Bayberry, Morella cerifera	The scientific name is ambiguous. The common name is correct.
Pollens - Trees, Beefwood-Australian Pine Casuarina equisetifolia	Pollens - Trees: Beefwood-Australian Pine, Casuarina equisetifolia	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Birch, Mix Betula spp.	Pollens - Trees: Birch, Betula (species to be specified)	The scientific and common names are ambiguous.
Pollens - Trees, Cottonwood, Fremont Populus fremontii	Pollens - Trees: Cottonwood, Fremont, Populus fremontii	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Cottonwood, Rio Grande, Populus wislizenii	Pollens - Trees: Cottonwood, Rio Grande, Populus deltoides ssp. wislizenii	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Cottonwood, Western Populus sargentii	Pollens - Trees: Cottonwood, Western, Populus deltoides ssp. Monilifera	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Cypress, Arizona Cupressus arizonica	Pollens - Trees: Cypress, Arizona, Callitropsis arizonica	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Hickory, White Carya alba	Pollens - Trees: Hickory, White, Carya tomentosa	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Juniper, Pinchot Juniperus pinchottii	Pollens - Trees: Juniper, Pinchot, Juniperus pinchottii	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Mango Blossom Mangifera sp.	Pollens - Trees: Mango Blossom, Mangifera (species to be specified)	The scientific name is ambiguous. The common name is correct.
Pollens - Trees, Maple, Coast	Pollens - Trees: Maple, Coast, (genus and species to be specified)	The scientific name is absent. The common name is correct.
Pollens - Trees, Mesquite Prosopis juliflora (glandulosa)	Pollens - Trees: Mesquite, Prosopis (species to be specified)	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Oak, Arizona Scrub	Pollens - Trees: Oak, Arizona Scrub , Quercus chrysolepis	The scientific name is correct.
Pollens - Trees, Quercus chrysolepis	Pollens - Trees: Mesquite, Prosopis (species to be specified)	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Oak, California Black Quercus kelloggii-californica	Pollens - Trees: Oak, California Black, Quercus kelloggi	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Orange Citrus sinensis romanoffianum	Pollens - Trees: Orange, Citrus X sinensis	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Pine, Mix Pinus spp.	Pollens - Trees: (common name to be specified), Pinus (species to be specified)	The scientific and common names are ambiguous.
Pollens - Trees, Poplar, Lombardy Populus nigra Italica	Pollens - Trees: Poplar, Lombardy, Populus nigra	The scientific name is obsolete. The common name is correct.
Pollens - Trees, Sycamore, American (Eastern) Platanus occidentalis	Pollens - Trees: Sycamore, American (Eastern), Platanus occidentalis	The scientific name is misspelled. The common name is correct.
Pollens - Trees, Willow, Arroyo Salix lasiopsis	Pollens - Trees: Willow, Arroyo, Salix lasiopsis	The scientific name is misspelled. The common name is correct.
Pollens - Weeds and Garden Plants, Baccharis spp.	Pollens - Weeds and Garden Plants: (common name to be specified), Baccharis (species to be specified)	The scientific names is ambiguous. The common name is absent.
Pollens - Weeds and Garden Plants, Burro Brush Hymenoclea salsoia (Greasebush)	Pollens - Weeds and Garden Plants: Burro Brush (Greasebush), Ambrosia salsoia	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Cocklebur Xanthium commune	Pollens - Weeds and Garden Plants: Cocklebur, Xanthium strumarium	The scientific name is obsolete. The common name is correct.

Greer, Table 1: Licensed non-standardized allergenic extracts with incorrect identifiers and recommended correct identifiers

Pollens - Weeds and Garden Plants, <b>Hemp</b> , Western Water Acnida tamariscina	Pollens - Weeds and Garden Plants: Hemp, Western Water, Amaranthus tuberculatus	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Jerusalem Oak Chenopodium botrys	Pollens - Weeds and Garden Plants: Jerusalem Oak, Dysphania botrys	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Marshelder, Burweed (Giant Poverty) <i>Iva</i> <i>xanthifolia</i>	Pollens - Weeds and Garden Plants: Marshelder, Burweed (Giant Poverty), <i>Cyclachaena xanthifolia</i>	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Marshelder, True (Rough) <i>Iva ciliata</i>	Pollens - Weeds and Garden Plants: Marshelder, True (Rough), <i>Iva annua</i>	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Nettle <i>Urtica dioica</i>	Pollens - Weeds and Garden Plants: Nettle, <i>Urtica dioica</i>	The scientific name is misspelled. The common name is correct.
Pollens - Weeds and Garden Plants, Palmer's Amaranth <i>Amaranthus palmerii</i>	Pollens - Weeds and Garden Plants: Palmer's Amaranth, Amaranthus palmeri	The scientific name is misspelled. The common name is correct.
Pollens - Weeds and Garden Plants, Rabbit Bush <i>Franseria deltoidea</i>	Pollens - Weeds and Garden Plants: Rabbit Bush, Ambrosia deltoidea	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Ragweed, False <i>Franseria acanthicarpa</i>	Pollens - Weeds and Garden Plants: Ragweed, False, Ambrosia acanthicarpa	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Ragweed, False <i>Franseria ambrosioides</i>	Pollens - Weeds and Garden Plants: Ragweed, False, Ambrosia ambrosioides	The scientific name is obsolete. The common name is correct.
Pollens - Weeds and Garden Plants, Ragweed, False Mixed <i>Franseria</i> spp.	Pollens - Weeds and Garden Plants: Ragweed, False, Ambrosia (species to be specified)	The scientific and common names are ambiguous.
Pollens - Weeds and Garden Plants, Ragweed, Mixed <i>Ambrosia</i> spp.	Pollens - Weeds and Garden Plants: Ragweed, Ambrosia (species to be specified)	The scientific and common names are ambiguous.

**Greer. Table 2: Licensed non-standardized allergenic extracts with correct identifiers**

**Animal Allergens:** Gerbil Epithelia, *Meriones unguiculatus*

**Animal Allergens:** Goat Epithelia, *Capra hircus*

**Animal Allergens:** Hamster Epithelia, *Mesocricetus auratus*

**Animal Allergens:** Hog Epithelia, *Sus scrofa*

**Animal Allergens:** Horse Epithelia, *Equus caballus*

**Animal Allergens:** Mouse Epithelia, *Mus musculus*

**Animal Allergens:** Rabbit Epithelia, *Oryctolagus cuniculus*

**Animal Allergens:** Rat Epithelia, *Rattus norvegicus*

**Food - Animal Products and Poultry Products:** Lamb, *Ovis aries*

Food - Plant Source: Bean, String Green, *Phaseolus vulgaris*

Food - Plant Source: Brazil Nut, *Bertholletia excelsa*

Food - Plant Source: Buckwheat, *Fagopyrum esculentum*

Food - Plant Source: Cacao bean, *Theobroma cacao*

Food - Plant Source: Carrot, *Daucus carota*

Food - Plant Source: Cashew nut, *Anacardium occidentale*

Food - Plant Source: Celery, *Apium graveolens* (or *Apium graveolens* var. *dulce*)

Food - Plant Source: Cinnamon, *Cinnamomum verum*

Food - Plant Source: Coconut, *Cocos nucifera*

Food - Plant Source: Coffee, *Coffea arabica*

Food - Plant Source: Corn, *Zea mays*

Food - Plant Source: Cranberry, *Vaccinium macrocarpon*

Food - Plant Source: Cucumber, *Cucumis sativus*

Food - Plant Source: Filbert, *Corylus americana*

Food - Plant Source: Garlic, *Allium sativum*

Food - Plant Source: Ginger, *Zingiber officinale*

Food - Plant Source: Hops, *Humulus lupulus*

Food - Plant Source: Lettuce, *Lactuca sativa*

Food - Plant Source: Mushroom, *Agaricus campestris*

Food - Plant Source: Oat, *Avena sativa*

Food - Plant Source: Olive, *Olea europaea*

**Greer. Table 2: Licensed non-standardized allergenic extracts with correct identifiers**

Food - Plant Source: Pea, Green or English, *Pisum sativum*

Food - Plant Source: Peach, *Prunus persica*

Food - Plant Source: Peanut, *Araachis hypogaea*

Food - Plant Source: Pear, *Pyrus communis*

Food - Plant Source: Pepper, Black, *Piper nigrum*

Food - Plant Source: Pepper, Green, *Capsicum annuum*

Food - Plant Source: Pineapple, *Ananas comosus*

Food - Plant Source: Potato, Sweet, *Ipomoea batatas*

Food - Plant Source: Potato, White, *Solanum tuberosum*

Food - Plant Source: Raspberry, Red, *Rubus idaeus*

Food - Plant Source: Rice, *Oryza sativa*

Food - Plant Source: Rye, *Secale cereale*

Food - Plant Source: Soybean, *Glycine max*

Food - Plant Source: Spinach, *Spinacia oleracea*

Food - Plant Source: Walnut, Black, *Juglans nigra*

Food - Plant Source: Walnut, English, *Juglans regia*

Food - Plant Source: Watermelon, *Citrullus lanatus*

Food - Plant Source: Wheat, Whole, *Triticum aestivum*

Insects (Whole Body): Ant, Black Carpenter, *Camponotus pennsylvanicus*

Insects (Whole Body): Ant, Fire, *Solenopsis invicta*

Insects (Whole Body): Ant, Fire, *Solenopsis richteri*

Insects (Whole Body): Cockroach, American, *Periplaneta americana*

Insects (Whole Body): House Fly, *Musca domestica*

**Greer. Table 2: Licensed non-standardized allergenic extracts with correct identifiers**

**Insects (Whole Body): Mosquito, Aedes taeniorhynchus**

Molds, Rusts and Smuts: *Aspergillus flavus*

Molds, Rusts and Smuts: *Aspergillus fumigatus*

Molds, Rusts and Smuts: *Aspergillus nidulans*

Molds, Rusts and Smuts: *Aspergillus niger*

Molds, Rusts and Smuts: *Aureobasidium pullulans*

Molds, Rusts and Smuts: Bermuda Grass Smut, *Ustilago cynodontis*

Molds, Rusts and Smuts: *Bipolaris sorokiniana*

Molds, Rusts and Smuts: *Botrytis cinerea*

Molds, Rusts and Smuts: *Candida albicans*

Molds, Rusts and Smuts: *Chaetomium globosum*

Molds, Rusts and Smuts: *Cladosporium herbarum*

Molds, Rusts and Smuts: *Cladosporium sphaerospermum*

Molds, Rusts and Smuts: Corn Smut, *Ustilago maydis*

Molds, Rusts and Smuts: *Epicoccum nigrum*

Molds, Rusts and Smuts: *Epidermophyton floccosum*

Molds, Rusts and Smuts: *Fusarium solani*

Molds, Rusts and Smuts: *Geotrichum candidum*

Molds, Rusts and Smuts: *Gliocladium viride*

Molds, Rusts and Smuts: *Helminthosporium solani*

Molds, Rusts and Smuts: *Microsporum canis*

Molds, Rusts and Smuts: *Mucor circinelloides f. circinelloides*

**Greer. Table 2: Licensed non-standardized allergenic extracts with correct identifiers**

**Molds, Rusts and Smuts:** *Mucor circinelloides f. lusitanicus*

**Molds, Rusts and Smuts:** *Mucor plumbeus*

**Molds, Rusts and Smuts:** *Mycogone perniciosa*

**Molds, Rusts and Smuts:** *Neurospora intermedia*

**Molds, Rusts and Smuts:** *Nigrospora oryzae*

**Molds, Rusts and Smuts:** *Oat Smut, Ustilago avenae*

**Molds, Rusts and Smuts:** *Penicillium camemberti*

**Molds, Rusts and Smuts:** *Penicillium chrysogenum*

**Molds, Rusts and Smuts:** *Penicillium digitatum*

**Molds, Rusts and Smuts:** *Penicillium notatum*

**Molds, Rusts and Smuts:** *Penicillium roqueforti*

**Molds, Rusts and Smuts:** *Phoma betae*

**Molds, Rusts and Smuts:** *Rhizopus stolonifer*

**Molds, Rusts and Smuts:** *Rhodotorula mucilaginosa*

**Molds, Rusts and Smuts:** *Saccharomyces cerevisiae*

**Molds, Rusts and Smuts:** *Stemphylium solani*

**Molds, Rusts and Smuts:** *Trichoderma harzianum*

**Molds, Rusts and Smuts:** *Trichophyton mentagrophytes*

**Molds, Rusts and Smuts:** *Trichophyton rubrum*

**Molds, Rusts and Smuts:** *Trichothecium roseum*

**Plants and Plant Parts:** *Gum, Tragacanth, Astragalus gummifer*

**Plants and Plant Parts:** *Kapok, Ceiba pentandra*

**Greer: Table 2: Licensed non-standardized allergenic extracts with correct identifiers**

Pollens - Cultivated Farm Plants: Alfalfa, *Medicago sativa*

Pollens - Cultivated Farm Plants: Beet, Sugar, *Beta vulgaris*

Pollens - Cultivated Farm Plants: Corn, *Zea mays*

Pollens - Cultivated Farm Plants: Rye, *Secale cereale*

Pollens - Cultivated Farm Plants: Wheat, Cultivated, *Triticum aestivum*

Pollens - Flowers: Dandelion *Taraxacum officinale*

Pollens - Flowers: Sunflower, *Helianthus annuus*
