

Our STN: BL 125254/814 SUPPLEMENT APPROVAL

Seqirus Pty Ltd. Attention: Ruben Ojeda 475 Green Oaks Parkway Holly Springs, NC 27540

July 1, 2022

Dear Mr. Ojeda:

We have approved your request received March 31, 2022, to supplement your Biologics License Application (BLA) submitted under section 351(a) of the Public Health Service Act for Influenza Vaccine (AFLURIA), for Afluria (trivalent) and Afluria Quadrivalent manufactured at your Parkville, Australia; Marburg, Germany; (b) (4) and Kankakee, IL facilities to include the 2022-2023 United States formulation and associated labeling revisions.

## LABELING

We hereby approve the draft content of labeling, Package Insert submitted March 31, 2022, the draft carton and container labels (except for the Afluria Quadrivalent pre-filled syringe container labels) submitted March 31, 2022, and the Afluria Quadrivalent container pre-filled syringe label submitted under amendment 1, dated April 25, 2022.

## **CONTENT OF LABELING**

As soon as possible, but no later than 14 days from the date of this letter, please submit the final content of labeling (21 CFR 601.14) in Structured Product Labeling (SPL) format via the FDA automated drug registration and listing system, (eLIST) as described at <a href="http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/">http://www.fda.gov/ForIndustry/DataStandards/StructuredProductLabeling/</a> default.htm. Content of labeling must be identical to the Package Insert submitted on March 31, 2022. Information on submitting SPL files using eLIST may be found in the guidance for industry SPL Standard for Content of Labeling Technical Qs and As at <a href="http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf">http://www.fda.gov/downloads/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/UCM072392.pdf</a>.

The SPL will be accessible via publicly available labeling repositories.

## **CARTON AND CONTAINER LABELS**

Please electronically submit final printed carton and container labels identical to the carton and container labels submitted on March 31, 2022 and April 25, 2022, according to the guidance for industry *Providing Regulatory Submissions in Electronic Format* — Certain Human Pharmaceutical Product Applications and Related Submissions Using

the eCTD Specifications at <a href="https://www.fda.gov/regulatory-information/search-fda-guidance-documents/providing-regulatory-submissions-electronic-format-certain-human-pharmaceutical-product-applications">https://www.fda.gov/regulatory-information/search-fda-guidance-documents/providing-regulatory-submissions-electronic-format-certain-human-pharmaceutical-product-applications</a>.

All final labeling should be submitted as Product Correspondence to this BLA, STN BL 125254 at the time of use and include implementation information on Form FDA 356h.

## ADVERTISING AND PROMOTIONAL LABELING

You may submit two draft copies of the proposed introductory advertising and promotional labeling with Form FDA 2253 to the Advertising and Promotional Labeling Branch at the following address:

Food and Drug Administration
Center for Biologics Evaluation and Research
Document Control Center
10903 New Hampshire Ave.
WO71–G112
Silver Spring, MD 20993-0002

You must submit copies of your final advertising and promotional labeling at the time of initial dissemination or publication, accompanied by Form FDA 2253 (21 CFR 601.12(f)(4)).

All promotional claims must be consistent with and not contrary to approved labeling. You should not make a comparative promotional claim or claim of superiority over other products unless you have substantial evidence or substantial clinical experience to support such claims (21 CFR 202.1(e)(6)).

Please submit an amendment to all pending supplemental applications for this BLA that include revised labeling incorporating a revised content of labeling that includes these changes.

We will include the information contained in the above-referenced supplement in your BLA file.

Sincerely,

Jerry P. Weir, Ph.D.
Director
Division of Viral Products
Office of Vaccines
