June 2019	E14/S7B IWG met in person and discussed draft Q&As for stage 1. The draft Q&As for best practice for in vitro and in vivo studies and principles for proarrhythmia models reached general consensus. A decision was made to split the integrated risk assessment Q&A into two parts, one for S7B and one for E14. The discussion of stage 2 Q&A was also started.
Nov. 2019	E14/S7B IWG met in person again to discuss stage 1 Q&A. The draft Q&As for best practice for in vitro and in vivo studies and principles for proarrhythmia models were edited based on constituency feedback. A general consensus was reached for the S7B Integrated Risk assessment Q&A. Significant progress was made to reach a consensus on the E14 Integrated Risk Assessment Q&A. Potential stage 2 Q&A and data needs were also discussed.
