Mobile Devices Roundtable: Safeguarding Health Information

Real World Usages and
Real World Privacy & Security Practices

U.S. Department of Health & Human Services
March 16, 2012
8:30 a.m. – 12:30 p.m. EDT

Mobile Devices Roundtable

INTRODUCTION

Kathryn Marchesini, JD

U.S. Department of Health and Human Services,

Office of the National Coordinator for Health IT (ONC),
Office of the Chief Privacy Officer

Public Input: Three Ways to Participate at Today's Event

1. **Submit a Written Question for Today's Panelists:**
   - Write your question on a Panel Question Card. We are also accepting questions via email (privacyandsecurity@hhs.gov) and Twitter (#mHealth).
   - During the panel discussion, please raise your hand to alert a Monitor you are submitting a written question to the Panel.
   - After receiving the Panel Question Card, the Monitor will submit it to the Moderator for introduction into the conversation as time permits.
   - Submitted questions, even if the Moderator does not read them aloud during the Panel discussion, will be included as input into the Privacy and Security Mobile Devices project.

2. **Submit a Written Comment at Today's Event:** Submit a written comment and place it in the box marked "Public Comments" at the *Public Input Table* (to the left of the Great Hall stage) by 12:30 p.m. today (March 16, 2012).

3. **Submit an Online Comment:** Submit a comment through the Mobile Devices Roundtable Website: http://www.healthit.gov/mobiledevicesroundtable. The online public comment period will remain open until Friday, March 30, 2012.

Mobile Devices Roundtable

OPENING REMARKS

Farzad Mostashari, MD, ScM

U.S. Department of Health and Human Services,

Office of the National Coordinator for Health IT (ONC), National Coordinator for Health IT

Panel 1

Setting the Federal Stage: Current Regulatory Framework, Guidance, Standards and Toolkits for Providers and Other Health Care Delivery Professionals Using Mobile Devices

Moderator: Joy Pritts, JD

U.S. Department of Health and Human Services,

Office of the National Coordinator for Health IT (ONC), Chief Privacy Officer

Panel 1: Setting the Federal Stage

The first panel consists of representatives from various federal agencies. Panelists will describe and discuss the current state of federal laws, regulations, guidance and tools as they apply to the use of mobile devices to access, store and/or transmit health information.

- **Geraldine Matise, JD**, Federal Communications Commission (FCC), Chief, Policy and Rules Division, Office of Engineering and Technology (OET)

- **Bakul Patel, MS, MBA**, Food and Drug Administration (FDA), Center for Devices and Radiological Health (CDRH), Policy Advisor

- **Cora Tung Han, JD**, Federal Trade Commission (FTC) Division of Privacy and Identity Protection

- **Susan McAndrew, JD**, U.S. Department of Health and Human Services, Office for Civil Rights (OCR), Deputy Director

- **Tim Grance**, National Institute of Standards and Technology (NIST), U.S. Department of Commerce, Senior Computer Scientist

The Federal Role in Mobile Health

Panel 2

Real World Usages of Mobile Devices by Providers and Other Health Care Delivery Professionals

Panel 2

Real World Usages of Mobile Devices by Providers and Other Health Care Delivery Professionals

Moderator: Jon White, MD

U.S. Department of Health and Human Services, Agency for Healthcare Research and Quality (AHRQ)

Panel 2: Real World Usages of Mobile Devices

Panelists will provide information on and discuss the expectations and concerns of providers and other health care delivery professionals related to using mobile devices in their every day work lives. The panel will also seek input into the knowledge providers and other health care delivery professionals want to help them understand how to better safeguard health information on their mobile devices.

Panel 2 Panelists

- **Jacob DeLaRosa, MD**, Idaho State University, Cardiovascular Surgeon, and Portneuf Medical Center, Chief of Cardiothoracic and Endovascular Surgical Services

- **Lisa Gallagher, BSEE, CISM, CPHIMS**, Healthcare Information and Management Systems Society (HIMSS), Senior Director of Privacy and Security

- **Steven Heilman, MD, FACEP**, Norton Healthcare, Chief Medical Information Officer

- **Meri Shaffer, RN**, Montefiore Home Care, Clinical Systems Analyst

- **Christopher Tashjian, MD, FAAFP**, River Falls, Ellsworth & Spring Valley Medical Clinics, President

Panel 3

Real World Mobile Devices Privacy & Security Practices, Strategies, and Technologies

Panel 3

Real World Mobile Devices Privacy & Security Practices, Strategies, and Technologies

Moderator: David Holtzman, JD, CIPP/G

U.S. Department of Health and Human Services, Office for Civil Rights (OCR), Health Information Privacy Specialist

The third panel consists of a group of privacy/security/technology subject matter experts who will discuss real world practices used by providers and other professionals to safeguard health information when using mobile devices. The safeguards will correspond with regulatory policy and support protection of health information.

Panel 3 Panelists

- Sharon Finney, CISM, CISSP, Adventist Health System, Corporate Data Security Officer

- James French, MD, Mercy Medical Center, Executive Medical Director, Hospitalist Program

- Terrell Herzig, MSHI, CISSP, UAB Health System, Information Security officer

- Adam Kehler, BCSc, CISSP, CHP, Quality Insights of Pennsylvania/Regional Extension Center (REC) for Pennsylvania East and West, HIT Privacy and Security Specialist

- Micky Tripathi, PhD, MPP, Massachusetts eHealth Collaborative (MAeHC), President and Chief Executive Officer

Public Comment Period on Mobile Devices

- Please submit public comments through the Mobile Devices Roundtable website:

  http://healthit.hhs.gov/blog/mobile-devices-roundtable/?page_id=156

- The online public comment period will remain open until Friday, March 30, 2012.
