

# Parents – Are Your Kids Ready for School?

## Required Immunizations for School Year 2022-2023

Your child needs to receive certain vaccines by the start of the school year to be able to go to school in Washington state. If you have questions about the vaccines your child needs, want help with finding no-cost vaccine clinics, or need assistance with locating vaccine records, contact Spokane Regional Health District at 509.324.1611 or email [IAPSupport@srhd.org](mailto:IAPSupport@srhd.org).

Please refer to the list of vaccines below to find out which vaccines your child needs based on his or her age.

**Instructions:** To see which vaccines are required for school, find your child’s grade in the first column. Look at the matching row across the page to find the amount of vaccines required for your child to enter school.

\*Vaccine doses may be acceptable with fewer than listed depending on when they were given. \*\*Health care provider verification of history of chickenpox disease is also acceptable. Students must get vaccine doses at the correct timeframes to be in compliance with school requirements. Talk to your health care provider or school staff if you have questions. Find information on other important vaccines that are not required for school at: [www.immunize.org/cdc/schedules](http://www.immunize.org/cdc/schedules).
